TO THE CITIZENS OF WARREN SCHOOL DISTRICT :

Schools have been maintained as usual at Warren Summit, East Warren, Ore Hill and the Village. Your school board feel that all these schools should have the same number of weeks of school. That where it is not practical to convey scholars to the village it is only fair that they have 36 weeks, the same as the village schools. We hope the district will raise sufficient funds this year to make this possible. Our state aid was \$378.48. We received \$99.48 for "average attendance of pupils." When children attend school regularly they not only benefit themselves but the finance of the district is increased materially,—a point for parents to consider. A new and very much needed cupboard for books and supplies has been added to the equipment of the village schoolhouse. Steps to building made safe by new eave-spouts which prevent same from becoming slippery and unsafe, also prevent disfiguring and rotting of clapboards where water from roof came formerly.

The committee appointed to install a steam heating apparatus in cellar of village schoolhouse could not get bids for the work at amount raised by district, which was \$350. The lowest bid received

was \$475. The school board deemed it best to advance the \$125, additional amount required. This, with money expended digging a well for water supply and other necessary expenses connected with the work, make the cost of installing the heater \$534.88 as shown by school report. The well has been lined with tile pipe and gives a supply of good water for use of the school.

Owing to the extra money advanced on heating plant, your board need more money the coming year.

We have done what we could to make the interior of the schoolrooms attractive. Much more could be done in this direction and your board feel that this is an important feature and trust that you will think it advisable to light the building with electricity. In accordance with law on the subject we submit the following:

For text books and supplies	\$300 00
high school tuition	250 00
maintaining high school including	
teacher's salary	650 00
flags and appurtenances	10 00

Respectfully submitted,

MRS. FLORA A. COTTON,	} School Board.
WILBUR C. GORDON,	
EDMUND N. MORRILL,	

We have examined the accounts of the school board and treasurer and find them correctly cast and properly vouched.
